VISION

ABOUT US

The company Ebe Group srl was founded in 2004 by Catello Di Donato, thanks to the know-how of over 70 years of work in the footwear and accessories market.

EBE in Greek mythology is the goddess of eternal youth, who has the task of serving nectar and ambrosia to make the gods immortal. The company, in fact, relies on the dynamism of young resources that are constantly updated and find the best answer to consumer questions.

Over the years the Ebe Group has been able to follow the evolution of the market in every context: from production point of view segmenting its offer through macro and micro collections designed ad hoc, and from the distribution point of view expanding its channels focusing attention on online business.
